

For a Bilious attack.

When you have a severe headache, accompanied by a coated tongue, loathing of food, constipation, torpid liver, vomiting of partly digested food and then bile, you may know that you have a severe bilious attack. While you may be quite sick there is much consolation in knowing that relief may be had by taking three of Chamberlain's Tablets. They are prompt and effectual. Obtainable everywhere. Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

CITY PARK PROJECT
WILL RECEIVE BIG
BOOST FROM MINERS

Copper Queen Officials' Interest Aids Successful Consumption; Solicitors Will Visit C. Q. Above-Ground.

Work of acquiring funds for the City Park will receive a decided impetus, Monday, when solicitors will commence their duties in the above-ground properties of the Copper Queen Mining Co. As previously announced, the Copper Queen officials in their devotion to any effort making for the increased welfare of the Warren District have granted permission to solicitors in City Park interests to visit their property. Accordingly, it may be taken for granted that the employees will respond with their characteristic generosity.

Although there has been some differences of opinion as to the advisability of carrying out the City Park project, observers of the trend of public opinion have become convinced that the project would go through as planned. Hence, it is deemed the privilege and duty of all public-spirited persons to co-operate in the movement calculated to secure for Bisbee residents, as well as others of the Warren District, a spot of beauty in natural development and a place for enjoyment of recreation and rest.

It is to be hoped that all mine employees, as well as the general public, will appreciate their opportunity to share in the promulgation of the common good. Doubtless the general public will appreciate the interest of the Copper Queen Co. which readily grants the privilege to the park solicitors of visiting their above-ground employees and interesting them in a cause which, it is safe to say, will enlist their earnest co-operation.

Now that it has become evident that the prevailing sentiment of the Bisbee public is in favor of the City Park project, everyone in any position to help the cause should feel a sense of pleasure at that privilege. The residents of Bisbee will carry the plan to a successful climax with characteristic enthusiasm and energy and the triumphant consummation of the task will afford a sense of unselfish pleasure to all concerned in the effort.

GOOD FEATURE HAD
AT CENTRAL THEATRE

"Should a Wife Forgive?" which is to be shown at the Central theatre today, is full of heart interest and absorbing dramatic situations. Lillian Lorraine, the star of the photo drama, has achieved both stage and film prominence, and she has risen to the opportunities offered by this remarkable presentation in a manner which is striking evidence of her versatility. Taking the part of a dancing girl in a western city, her career of love, intrigue, short-lived happiness, and final redemption after a pistol duel in the dark between two of her lovers, in which she is wounded, form only a part of a well worked-out plot which will permit no relaxation of attention on the part of those who watch its progress on the screen. It is the next release on the Equitable program, and is fully up to the high standard of that company's previous productions.

"THE BROKEN LAW"
IS GREAT PICTURE

William Farnum and Dorothy Bernard Star in Latest Fox Masterpiece at the Orpheum Theatre.

Miss Dorothy Bernard, the accomplished young actress whose versatility has made her a favorite with the millions of people who witness the William Fox photoplay masterpieces, has scored a personal triumph in "The Broken Law," in which she appears with William Farnum. This feature plays at the Orpheum today. The role of Ursula, a gypsy girl, furnished her opportunity for displaying most advantageously her power as an emotional actress.

Miss Bernard's varied stage career had fitted her for the exceptional demands made upon her by the latest Fox photoplay success. She has been an actress all her life. Her career dates from the time when she made her mundane debut at Port Elizabeth South Africa, nineteen years ago. Her father decided, at the outbreak of the Boer War, to move into Johannesburg.

The journey was fraught with perils. Father and daughter went without food for days, for the Boer farmers refused to sell Mr. Bernard supplies. After hearing that he was a British soldier, Johannesburg was reached at last, and the tiny Dorothy was rushed to a hospital, where she spent weeks before she recovered from the hardships of the trip.

Since achieving dramatic success, Miss Bernard has traveled over the civilized world. She has appeared in England, Australia and all parts of the United States in many stellar roles, but she has never returned to South Africa, for her recollections of her early life there are, as she expresses it, "not the pleasantest."

COURT MARTIAL ENDS.

SAN FRANCISCO, Feb. 12.—The trial by court martial, aboard the battleship Oregon, of Lieutenant Herbert Jones, charged with the responsibility for the loss of the battle signal code book from the destroyer Hull, of which he was the commander, ended with the announcement that "another department of the government" had taken up the case. The court martial's verdict was forwarded to Washington.

LINCOLN BANQUET HELD. RICHARD JOSE WILL
APPEAR AT ORPHEUM

Famous Tenor Singer will Sing "Silver Threads Among the Gold" While in Bisbee.

Pierce Kingsley, who wrote and produced "Silver Threads Among the Gold," with Richard J. Jose featured, has a piece of telling business that is entirely original with him—where a prayer book is carried in the inside breast pocket of a character, saves his life from a bullet which is embedded in the prayer book. The story of Silver Threads was written before the European war broke out and now a similar incident where a prayer book carried by a German soldier saved the latter's life in exactly the same manner that Mr. Kingsley wrote and pictured. Apparently the books are of the exact size as the bullet holes are in both incidents in the same place both embedded through about three-quarters of the pages. "Silver Threads Among the Gold" will be presented at the Orpheum Wednesday. Mr. Jose will positively appear at every performance in person.

SCHWEITZER MACHINE
COMPANY VERY ACTIVE

Tucson Company Reports Mining Activity in Southern Part of State at a High Point.

Schweitzer Machine Company reports mining very active in all Arizona Camps.

That almost every claim and pocket in the southern part of the state that shows any promise of some day becoming a mine, is being worked to its capacity, is the report emanating from the office of the Schweitzer Machine Company of Tucson, who are enjoying an extensive business of mining equipment at this time. "Many of the properties that have

been idle since the famous slump of 1907 are now working day and night with large forces that are reminders of the "good old days" in the mining industry, said Mr. R. R. Schweitzer, president and general manager of the company, who covers the southern and central portions of the state in the interests of his company.

"Our sales of 'Western' hoists for which we are state of Arizona representatives, has been very gratifying indeed, as well as our sales of 'Western' engines and Layne and Bowler Pumps, and motors, for mining purposes."

"Probably one reason for our success in this field is our central location and nearness to the various properties, which enables us to render quick, efficient service and make quick deliveries of such equipment."
